

Moose Jaw Saskatchewan Bankruptcy

Moose Jaw Saskatchewan Bankruptcy - Our firm in the past few decades has offered advice on all aspects of bankruptcy law, including reorganizations and restructurings, commercial litigation and creditor's remedies. Our profile is globally recognized, and as such we have a large majority of our clients which are globally based. Much of our business regards cross-border insolvencies and restructuring between Canada and the United States. We are experienced in a wide variety of matters because of our many domestic relationships along with different lenders and professionals. Our practice comprises working with commercial and financial groups, international and domestic financial institutions, creditor's committees, trustees, investors, receivers, debtors and acquirers in reorganizations and insolvencies.

The Canadian cross-border insolvency system was developed in part by members of our practice. Additionally, the Government of Canada takes our recommendation into account when amending Canadian laws that involve global trade. We are satisfied to be active members of different international insolvency organizations.
