Defendants in a class action are stressed by both money and time. We have strategies to minimize disruption, and to move the issue to successful resolution in as efficient and timely a manner as possible. Our first method on behalf of defendants is to try to limit the action or have it dismissed completely at the pre-certification stage. We have a track record of accomplishing this for our clients, which means that our clientele are let out of actions without ever having to participate within a certification hearing. Our goal is to resolve the litigation and prevent the need for a class action trial. We have been successful at negotiating favorable class action settlements for many of our defendant clients. This frees them from future claims of unknown class members and gives them peace of mind.

For the plaintiff class clientele, our first step is to properly limit the class while drafting the claim in such a way as to ensure that the action is certified early on within the procedure. Our skill allows us to determine whether large losses or class action procedures are most appropriate and to acquire the best result in either case.
